

YOUR *Love* MAKES THE DIFFERENCE

**PreBorn!** | 2022 ANNUAL REPORT

*“Defend the poor and  
the fatherless; ...”*

Psalm 82:3 (NKJV)

*“For You formed my inward parts;  
You covered me in my mother’s womb.”*

Psalm 139:13 (NKJV)

*Thank You*

FOR  
SAVING **54,253** LIVES  
IN 2022!

*“For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places.”*

Ephesians 6:12 (NKJV)

# ABORTION'S NEW LOCATION

2022 was a year of change. The overturning of *Roe v. Wade* was a victory for Life as national legislation no longer protects the killing of the most vulnerable. Twenty-four states now have total bans or restrictions on abortion, and many abortion clinics and Planned Parenthoods across the U.S. no longer offer abortion services... some are even closing their doors. Has the battle been won? Is the abortion industry crumbling? Where will abortions be performed?

As much as we want to celebrate the battle being won, the reality is that it has just begun... and it's far from over. Abortion's new address lives in the privacy of our own bathrooms, in our own homes.

That is the future of abortion—an online battle delivered straight to a woman's home. The abortion industry has been working behind the scenes for several years. In 2016, the abortion industry released a multi-year strategic plan, globally and nationally, “to make safe, effective reproductive and maternal health care accessible to all women and girls.”

Dan and Valerie Steiner

Today, abortion rates are the highest among mothers between the ages of 16-24; the abortion industry now markets to a generation considered to be “digital natives” where 99% of mothers are internet consumers.

There is a well-concerted effort to increase accessibility to the abortion pill, by loosening the medical restrictions for delivery and shifting the narrative of safety and necessity. Since the inception of that plan, the abortion industry has reached significant, strategic milestones, including a complete trial of TelAbortion. They claim it is “a groundbreaking research project designed to evaluate the use of telemedicine for providing medical abortion in the US,” leveraging COVID-19 as a justification for remote abortion as access to brick-and-mortar clinics dwindles.

*“To console those who mourn in Zion, To give them  
beauty for ashes, The oil of joy for mourning, The garment  
of praise for the spirit of heaviness; That they may be  
called trees of righteousness, The planting of the Lord,  
that He may be glorified.”*

Isaiah 61:3 (NKJV)

Despite the risks, online abortion is the future of abortion. The abortion industry pushes to omit the necessity of a pre-abortion ultrasound, which increases a patient's likelihood "to seek post-treatment care and have procedural interventions."

And yet, TeleAbortion ran in more than 17 states, with little MD oversight, no reporting requirements for complication, no pre-ultrasound regulation, and no parental consent (with three states allowing judicial bypass for minors).

With minimal precautions and negligent education of what the abortion pill does to a woman's body, remote abortion awareness continues to increase, as does its popularity. The abortion pill now accounts for more than 50% of all abortions!

Many liberal states remain undaunted by the overturning of *Roe v. Wade* and seek to increase abortion accessibility, making distribution quicker, easier, and more private. **The stakes have never been higher.**

Abortion may have found a new location, but God has not left us without hope. Our mission together remains the same—save babies and save souls. Though the battle wages, God Himself raises a banner—an innovative, creative, relevant solution to an egregious issue. Because of faithful partners like you, Pre-Born! is prepared to offer a virtual solution to abortion-minded mothers.

Now, more than ever, there is a deep need to advance a medically-oriented, biblically-rooted weaponry against abortion warfare. Pre-Born! deploys a virtual care system to meet the needs of this generation, staffed by an army of top medical professionals that compassionately and accurately educate and boldly share the truth and love of Jesus.

We will continue to fight so that abortion becomes inaccessible. Together, we will continue to lock arms, reaching one woman and saving one baby at a time, until we see the day that abortion completely loses its grip on this nation.

In Christ,

A handwritten signature in black ink that reads "Daniel C. Steiner". The signature is written in a cursive style with a clear, legible font.

Dan Steiner | President

# TO GOD BE THE GLORY!

We celebrate YOUR accomplishments in saving babies and souls this year. We thank you for the ever-growing impact you are making for God's Kingdom.

*“He will swallow up death forever,  
And the Lord God will wipe away tears from all faces;  
The rebuke of His people  
He will take away from all the earth;  
For the Lord has spoken.”*

Isaiah 25:8 (NKJV)

# CHASITY & MIGUEL'S STORY

High school senior Chasity had just been kicked out of the house when she found out she was pregnant. With no support and no money, Chasity felt abortion was her only option until she found a Pre-Born! Network Clinic.

Although Chasity was rejected by her family, she found acceptance at the Clinic. The staff greeted her with compassion and support, helping her with the resources she needed to confidently say yes to her baby boy, Alejandro. Chasity reflected, "I felt like everyone had my best interests at heart. I did not feel like anyone was judging me. You made me feel like I could be a great mom."

Chasity had continual support through that Pre-Born! Network Clinic. They walked with her through her pregnancy and life after. Chasity remembered, "The Clinic was always texting me and calling me to see how I was doing. They helped set me up to be successful in parenthood."

Chasity married her husband, Rufino, and became pregnant with her second child, a daughter named Estella. This time, Chasity knew where to turn to because of her relationship with the Clinic staff. When finding that Estella was diagnosed with autism and

a genetic disorder, the Clinic helped Chasity get Early Childhood Intervention (ECI) resources and childcare benefits she needed to parent Estella well.

After finding that she was pregnant with their third child, Chasity strongly considered ending her pregnancy. Yet, going back to the Clinic, she was able to see an ultrasound of her baby that provided relief. She confessed, "Seeing that little being on the screen created an emotional connection." Chasity, once again, chose life and named her son Miguel.

Chasity started out as a scared teenager without a home, yet she found the loving support of a Pre-Born! Network Clinic because of your generosity! Chasity said, "The way everyone treated me at the Clinic, it felt like my home away from home."

When you help provide vital ultrasounds to women like Chasity, you are also giving the gift of hospitality, friendship, and real connections between mothers and babies.

*“If He be lifted up, He will draw many unto salvation.”  
That is our heart’s cry. That the name, the glory,  
and the gospel of Jesus be lifted up higher than ever  
before here at Pre-Born! in 2023.*

*Roxy Lamorgese  
Executive Director*

*“And I, if I am lifted up from the earth,  
will draw all peoples to Myself.”*

John 12:32 (NKJV)

# BE A LIFESAVER

As a Lifesaver, YOU take an active role in saving babies and sharing the gospel of Jesus Christ with families who are desperate for good news. While the fight for life has shifted, the stakes have never been higher.

- **One abortion occurs every minute.**
- **More than 70 abortions occur every hour.**
- **More than 1,699 abortions occur every single day.**
- **Everyday Pre-Born! Network Clinics save 200 babies from abortion.**

YOU are the tangible HOPE for women facing unplanned pregnancies. We thank you for your compassionate approach to ending abortion.

- **Sponsor a Day of Life - \$5,000 supports a full day of ultrasound sessions for all Pre-Born! Network Clinics**
- **Underwrite Ultrasound Sessions – \$140 dollars for 5 ultrasound sessions**
- **Provide an Ultrasound Machine for a Pre-Born! Network Clinic – \$15,000**

\*All gifts to Pre-Born! are tax deductible.

*“The Lord your God in your midst,  
The Mighty One, will save;  
He will rejoice over you with gladness,  
He will quiet you with His love,  
He will rejoice over you with singing.”*

Zephaniah 3:17 (NKJV)
